

LEGISLATION IN THE COURTS OF HEAVEN

A TEACHING ON EKKLESIA GOVERNANCE, SPIRITUAL LEGISLATION & DIVINE DECREES

In the divine government of God, **legislation** is the active process by which the **Ekklesia**—God's corporate governing body on Earth—moves beyond the posture of a defendant or a petitioner to that of a **kingly governor who issues authoritative decrees**.

■ 1. THE DEFINITION OF SPIRITUAL LEGISLATION

Legislation is defined as the act of **issuing decrees that align the Earth with the heavenly blueprint**. While intercession often involves pleading for an outcome, legislation is a judicial transaction where a believer, positioned in Christ, enforces established heavenly laws and verdicts in the earthly realm. It represents the critical transition from *"desperate pleas to authoritative decrees."*

■ 2. THE GOVERNING ENTITY: THE EKKLESIA

The seat of this legislative power is the **Ekklesia**. Far from being a mere social gathering, the Ekklesia was understood in the original Greek context as a **legislative assembly of citizens** called out to make decisions, pass laws, and determine the governance and direction of a territory.

- **A Corporate Son:** Legislation is most effective when executed by the **"Corporate Son"**—a cohesive, conscious entity of believers acting in perfect harmony rather than isolated individuals.
- **The Legislative Council:** In the New Testament, the Ekklesia is established as a **global spiritual legislature** with the legal right to access supreme authority because its Head (Christ) is supreme over all things.

■ 3. DISTINCTION BETWEEN THE COURT AND THE COUNCIL

In the administrative infrastructure of Heaven, there are two primary branches for spiritual governance:

The Courtroom of Heaven (Judicial Branch)

This is where legalities are addressed. It serves as the primary forum for examining accusations, silencing the prosecutor (Satan), and removing the "illegal liens" that the enemy holds due to sin or ancestral iniquity.

The Council of Heaven (Legislative Branch)

Once legal clearance is secured in the Court, the believer engages the Council to receive **strategic blueprints and divine counsel** for managing assignments, generating wealth, and properly appropriating kingdom resources.

■ 4. THE CORE MECHANISM: BINDING AND LOOSING

The "*Keys of the Kingdom*" (Matthew 16:19) represent the primary tool of legislative authority granted to the believers:

- **Binding (Legally Forbidding):** To "bind" is to declare something **illegal or forbidden** according to heavenly law. The Ekklesia uses this authority to freeze demonic operations, systemic corruption, and injustice.
- **Loosing (Legally Permitting):** To "loose" is to declare something **legal or permitted**. This allows for the release of righteousness, divine healing, and the activation of God-ordained purposes in a territory.

■ 5. THE INSTRUMENTS OF LEGISLATION

A legislator in the Kingdom uses specific legal tools to enforce divine verdicts:

- **The Mouth as a Gavel:** Your mouth functions as a gavel that either ratifies the accuser's death sentences or enforces Heaven's life-giving verdicts. Words are not just sounds; they are **legal instruments**.
- **The Destiny Scroll:** Legislation is the contention for your **divine purpose** written before time began. Every case won erases a blockade placed by the enemy against your "destiny scroll."
- **The Blood as Legal Currency:** All spiritual legislation is backed by the Blood of Jesus—the **absolute legal currency** that has already paid every debt and cleared every path.

■ 6. THE GOAL: MANIFESTATION AND DOMINION

The ultimate purpose of spiritual legislation is to reach a state of **transfiguration**, where the Sons of God become radiant carriers of divine light that **awakens the land's original design**.

- **Rewriting Territorial Scrolls:** Through prophetic intercession and legislation, the Ekklesia breaks agreement with the sins of a land and declares a **new scroll** aligned with God's redemptive purpose.
- **Benevolent Light:** The legislators operate as "benevolent light," revealing hidden resources and wealth that have been legally withheld by darkness, and redirecting them to build Kingdom systems like education, health, and finance.

SUMMARY OF THE LEGISLATIVE PROCESS

- ❶ **Enter the Court:** Plead the Blood of Jesus and establish your legal standing.
- ❷ **Conduct an Audit:** Examine the spiritual landscape for illegal liens or ancestral trades.
- ❸ **Clean-Up (Judicial):** Repent of iniquities and renounce illegal covenants to remove the enemy's legal standing.
- ❹ **Legislate (Council):** Seek "Strategic Blueprints" for your mandate and issue decrees of binding and loosing.
- ❺ **Notarization:** Formally notarize these verdicts as **Kingdom Statutes** recorded in the **Book of Remembrance**.
